

## Pilotproject: Education for newly arrived healthcare professionals from Syria

Foto: Johnér bildbyrå

We are looking for participants for our pilot Project funded by Tillväxtverket. The purpose is to educate newly arrived Doctors, Nurses and other health care professionals from Syria about the Swedish Health-care system, Labour market, regulations etc.

The course is three weeks long, starts in March 2016 in Stockholm and is free of cost.

**If you are interested in participating**, please go to the link below fill out the form and we will contact you as soon as possible.
