

Discount for circle leaders!

We want our leaders to keep learning! To this end, we offer our group leaders a nice **discount of 20%** for any classes they take with us, given the following terms:

- The discount applies only to **you personally**, not to family members or friends.
- The discount applies to the **participation fee** for the course, not for books or other materials used for the course.
- The discount applies to study circles and courses organised by Studieförbundet Vuxenskolan **Lundabygden only**, meaning the Lund department. It cannot be used for classes at other departments in other cities.
- In order to receive the discount, **you must notify us that you are a group leader**. This is not automatically detected by our financial system. When you sign up for a class, please use the message box on the sign up-page to inform us that you are a group leader.
- The discount applies to circle leaders who have completed the first step in their leadership training with us. That is, **you must have had a formal introductory meeting with a member of Studieförbundet Vuxenskolan's staff** who is authorised to register you as a leader in our system.
- The **discount applies during semesters where you are leading a group**. When you are no longer an active group leader, the discount no longer applies.
